

Progression of skills RE

Progression in language, vocabulary and key ideas: a summary of a select shortlist of keywords and core concepts. This table shows how learning across the age groups develops and uses the language or religious study and of particular religions in increasing depth. The selected terms are a brief minimum. The syllabus uses these key words in our long-term plans for 5-11's, contributing to well sequenced, coherent progression. This is informed by OFSTED'S interest in ambitious curriculum, rich knowledge and progression in thinking and substantive knowledge.
