

St John's Church of England Primary School

USING TECHNOLOGY TO SUPPORT YOU IN BEING A SCHOOL GOVERNOR

June 2020

Any accounts that you use to access governing body information must only be done so on your own private devices. These accounts should not be accessed or installed on shared devices at home due to general data protection regulations.

1. The school will set you up with a school email account, which must be used for all school matters. You can add this account to your smart phone or any other handheld device that only you have access to. We will include your new school email address to the group email for all governors, which is: governors@digswell.herts.sch.uk.
2. An account will be set up for you to access all governing body documents and the calendar, which is www.governorhub.com. If you go into your app store, then you will be able to download this on to your smart phone or handheld device.
3. You will be set up with an account called 'The Key', which can be accessed via the following website: <https://schoolgovernors.thekeysupport.com/>. This account is great for finding out about legislation and good practice on any school related topic. If you visit your app store, then you will be able to download this on to your smart phone or handheld device.
4. The same login details that you are provided with for governorhub, can be used to access Modern Governor. Modern Governor provides you with excellent training materials to support you in developing your knowledge and understanding of being a school governor. You can access this website by clicking on: <https://learning.moderngovernor.com/>. This account can be accessed through an app on your smart phone and handheld device if you wish.

If you have any problems with any of these accounts then please contact the school office be emailing admin@digswell.herts.sch.uk
