We have time each week to explore the woodland area and use the outside equipment.

These are the toilets.

This is the sink
where we wash our hands.

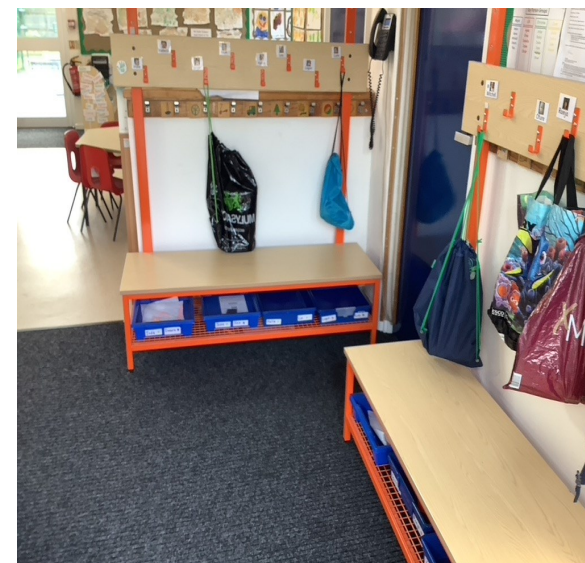

There are lots of places to play and learn in our
classroom.

We also have an amazing outdoor learning space. We spend time out here every day. Please make sure you bring a named coat everyday.

You will have a named peg here to hang up your coat. Your book bag will go in your named tray under the bench.

We will sometimes visit the school hall and the library.
